This form is used to supply building information for inclusion on the Alabama Site Selection Database at www.edpa.org. The database contains information on non-traditional properties throughout the state and is used by state-level project managers, site consultants, and companies interested in locating in Alabama. In addition, local economic development offices must be provided evidence that the property owner is willing to sell/lease for industrial purposes and the stated price/terms of the sale/lease must be clear.

Please complete as much information as possible in order to give your property the greatest exposure in searches conducted on the database.

NOTE: Fields marked with an asterisk (*) are required fields. This information must be provided in order to submit for inclusion on database.
